GEOTECHNICAL
CONSULTANTS INC.

Geotechnical Consultants, Inc. Acquires Spence Environmental Consulting, Inc.

GCI is pleased to announce its acquisition of Spence Environmental Consulting, Inc., effective September 20, 2026.

The acquisition expands GCI's environmental consulting capabilities and brings together the experience and client relationships of both firms. GCI and the Spence team are working together to

provide continuity for current projects and to make additional services available to clients.

"We are excited to welcome Spence Environmental Consulting to GCI," said Bob Hiles, CEO of GCI. "Their environmental expertise strengthens our ability to serve clients across a broader range of project needs."

Expanded Environmental Services

The Spence Environmental team adds depth and breadth to the scope of environmental services provided by GCI.

Together we provide a full range of environmental assessment, inspection and remediation services to assist clients throughout environmental due diligence, design, clean-up and construction.

Real Estate Assessment Services

- Non-destructive subsurface investigations
- Phase I and II Environmental Site Assessments (ESAs)
- Preliminary jurisdictional waters assessments
- Ohio Voluntary Action Program (VAP) services
- Asbestos and hazardous materials assessments
- Soil and ground water assessments
- Surface water and air assessments
- Vapor intrusion assessments

Environmental Compliance Services

- Comprehensive Environmental Compliance Audits
- Oil Spill Prevention, Control and Countermeasure (SPCC) Plan
- Storm Water Pollution Prevention Plans (SWP3s)
- Air Permit-to-Install and Operate (PTIO) Applications
- Wastewater pretreatment system design, permitting, and analysis
- RCRA (Hazardous Waste) compliance and closure services
- Design and permitting of aboveground storage tank systems

Underground Storage Tank Removal Services

- No Further Action (NFA) letters within VAP
- Ohio Abandoned Gas Station Cleanup Grants
- Underground Storage Tank (UST) removal
- Soil removal and cleanup
- Ground water cleanup
- Remedial action plan preparation, oversight, and construction management

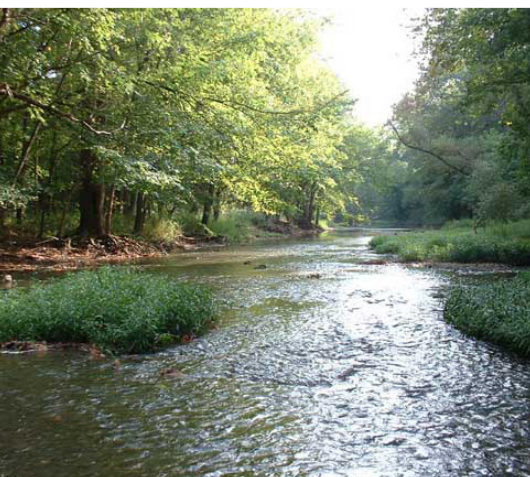

Contact GCI's environmental services department at 614.895.1400 to arrange services for your next project.
